

PRODUCT CATALOG

LEADER, INNOVATOR & BRAND TO TRUST

MISSION

To protect communities by creating distinctive spaces that elevate the outdoor experience.

VISION

To be the essential partner for innovative shade solutions.

VALUES

Dedication, Integrity, Quality, Fun

We're here to meet all your commercial shade industry needs, providing high-quality shade structures and exceptional customer service for over three decades. Some of the shade structures include a variety of applications, from outdoor dining areas to playgrounds and sport fields. With a strong focus on quality, innovation, and customer satisfaction, USA SHADE has earned the trust and loyalty of its customers, making it a go-to brand for commercial properties across the country.

ENHANCE OUTDOOR AMBIANCE: REVITALIZE AND ELEVATE OUTDOOR SPACES.

Safeguards against sun and weather damage

Blocks up to 98% of harmful UV rays

10-year warranty

Increase airflow and comfort

Low maintenance

25-degree temperature reduction keeps seating and play surfaces cool

QUICK RELEASE

Quickly remove and reattach fabric for winter storage or extreme weather conditions with our quick release (QRE) option.

TAILORED TO PERFECTION

Discover the ideal size for your outdoor space with our versatile range of shade structures. Our representatives are ready to assist you in choosing the perfect fit. Don't hesitate to discuss your upcoming project with us to ensure the right size for your needs.

INTRODUCING HAVEN™ SOLAR STRUCTURES

DESIGNED AND MANUFACTURED
BY SPOTLIGHT SOLAR.

BEAUTIFUL SOLAR STRUCTURES.

USA SHADE is pleased to add Haven solar panel canopies to our extensive lineup of shade structures. These structures let users spend more time outdoors in comfort while staying powered up in an eco-friendly way. Haven supports multiple users and devices with numerous photovoltaic cells and ample power storage.

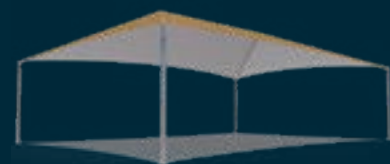

ADVANTAGES OF HAVEN

- Eye-catching design
- Durable construction
- Easy installation
- Versatile solar canopy lighting
- Environmental stewardship
- Thermally enhanced seating
- Customization
- Extended-use lithium batteries
- Weather-friendly power storage
- Remote management

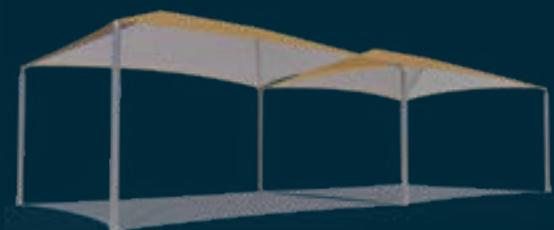

HIP

Unleash the power of the Hip structure; your simple and cost-effective solution for perfect shade.

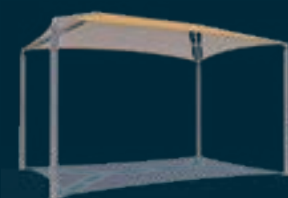

HIP

10'x12' to 50'x55'

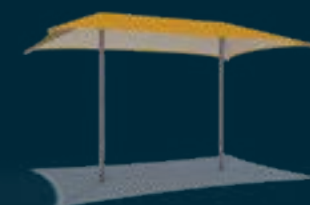

HIP JOINED

Combine Hip or Multi-Panel into a variety of sizes

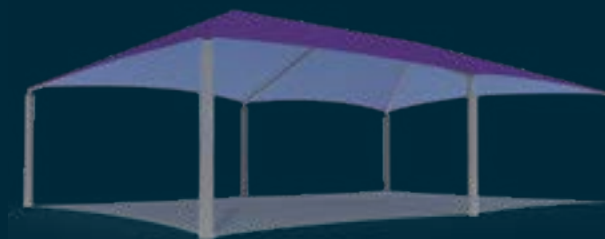

HIP MULTI-PANEL

18x20' to 50'x55'

TWO POST-HIP

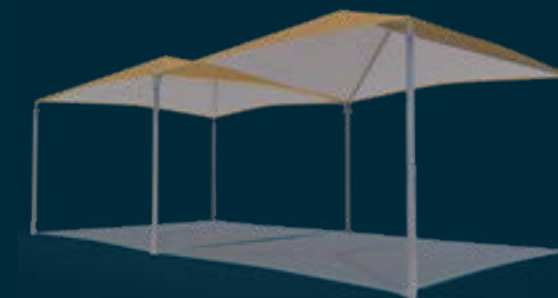

10'x12' to 14'x22'

HIP EXTENDED

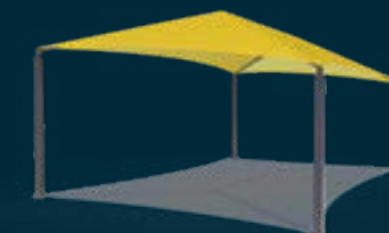

10'x24' to 30'x60'

(extended frames that are a single top hip up to 30' wide and 60' long)

HIP DOUBLE-WIDE

Combine Hip or Multi-Panel into a variety of sizes

SLANT HIP

10'x12' to 40'x40'

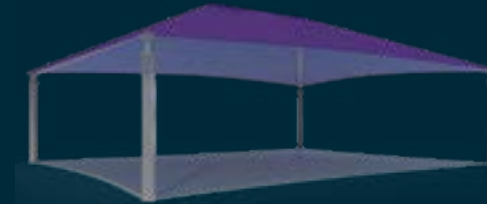

SUPER SPAN

Our massive Super Span structures provide maximum shade for larger outdoor areas including basketball courts, mass automotive coverage, and outdoor seating spaces.

SUPER SPAN HIP

Up to 60'x60'

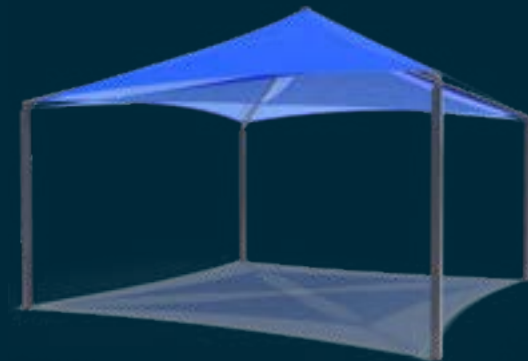

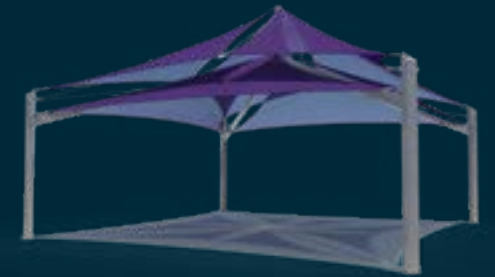

6-COLUMN SUPER SPAN HIP

Up to 60'x100'

SUPER SPAN PYRAMID MULTI-LEVEL MULTI-PANEL

Up to 60'x60'

MARINER PYRAMID

10'x10' to 50'x50'

Crafted to emulate the captivating form of ocean waves, our Wave design showcases a mesmerizing blend of peaks and valleys, injecting a sense of energy and movement into any application.

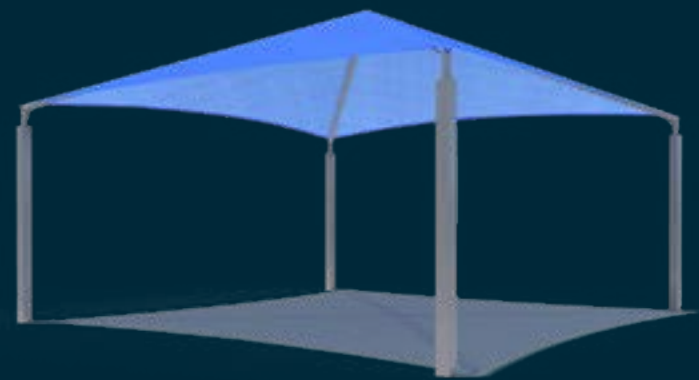

WAVE

20'x20' to 35'x35'

The Mariner Pyramid structure offers shade comparable to our Hip or Pyramid designs, but it distinguishes itself with multi-panel shade layers that create a visually stunning presence.

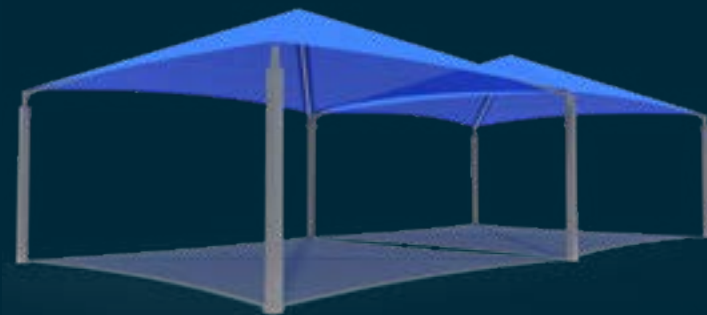

PYRAMID

10'x10' to 35'x35'

SINGLE POST PYRAMID

8'x8' to 24'x24'

PYRAMID JOINED

Available in a variety
of combined sizes from
single top or multi-panel

PYRAMID MULTI-PANEL

18'x18' to 35'x35'

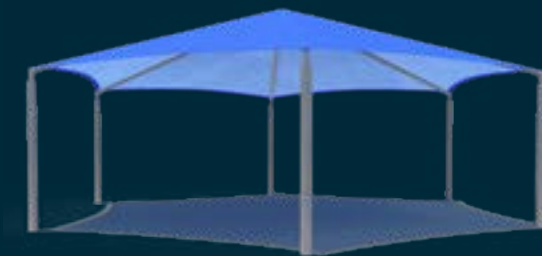

MULTI-SIDED

From three to eight sides and shapes of all kinds, our multi-sided shade structures offer a variety of options for all applications.

HEXAGON

For areas that require zero obstruction from a center column, the Hexagon is ideal, with six columns around the perimeter.

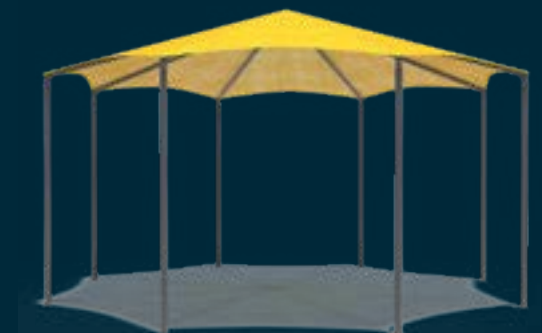

HEXAGON

20' to 50'

HEXAGON MULTI-PANEL

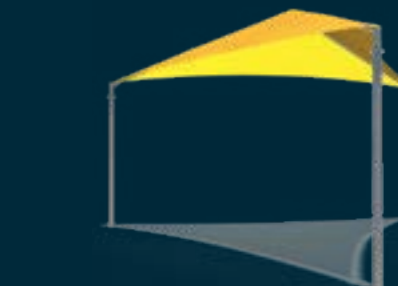

20' to 50'

OCTAGON

30' to 80'

Our Octagon structure is an ideal solution for shading areas up to 80' in diameter without the obstruction of a center column.

TRIANGLE

18' to 30'

For asymmetrical, elongated areas, our Triangle can be an ideal shade solution.

SINGLE POST HEXAGON

10' to 20'

The Single Post Hexagon is a single-column structure with six fabric attachment points and a pointed tip.

SINGLE POST OCTAGON

10' to 20'

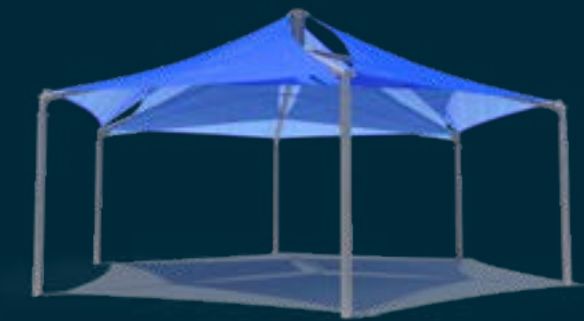

The Single Post Octagon is a single-column structure with eight fabric attachment points and a pointed top.

COOLBRELLA

12' to 20'

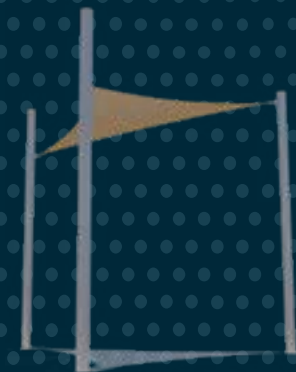

The Coolbrella is a commercial-grade, permanent umbrella canopy featuring one support column with one frame-tensioned fabric roof section. Available in a variety of colors with fabric tops that can be removed easily without wheels, wires, or pulleys.

MARINER HEXAGON

30' to 45'

The Mariner Hexagon is available in diameters up to 45' and incorporates upper and lower fabric layers, giving the structure a unique appearance.

3-POINT SAIL

Up to 50' per side

Our 3-Point Sail structure features a high-end design with a unique triangular shape, giving outdoor spaces a sophisticated look.

4-POINT HYPAR SAIL

Up to 60' per side

Our 4-Point Hypar Sail structure features columns of varying heights, allowing the fabric to be formed into a hyperbolic shape.

PANORAMA

Our Panorama cantilever design is an elegantly arched roof that is suited to provide shade over areas that require unobstructed spaces like walkways, bus stops, or automotive parking.

SINGLE POST PYRAMID CANTILEVER

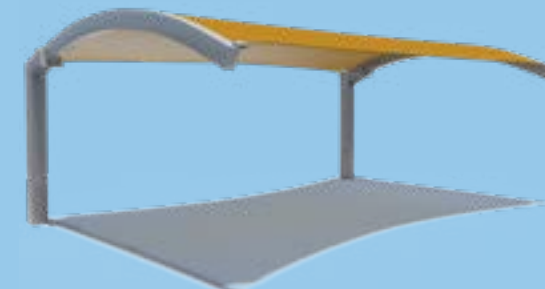

8'x8' to 20'x20'

Our Single Post Pyramid Cantilever structure is ideal for spaces like walkways and poolside lounges that need shade without column obstructions.

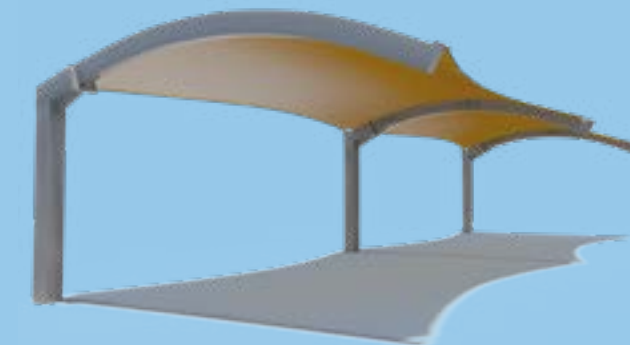

SINGLE

23'x27'

JOINED

Combine singles into a variety of lengths

CANTILEVER ARCH WALKWAY

The Cantilever Arch Walkway is a cantilever structure with a curved arch that can provide shade over long stretches of space without obstructing walkways or paths underneath.

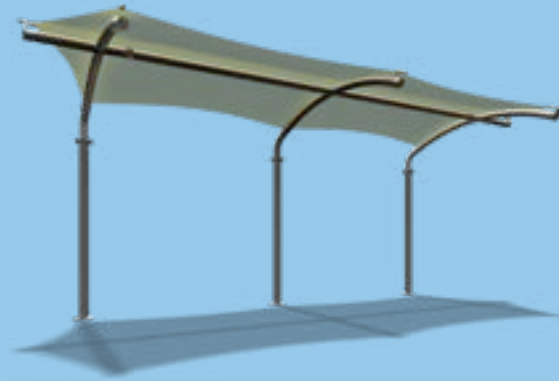

SINGLE

12'x20'

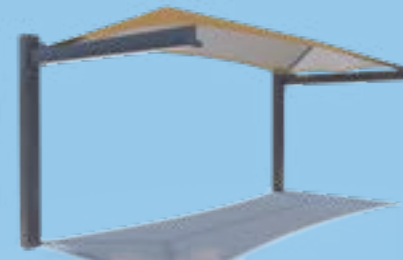

JOINED

Combine singles into a variety of lengths

SINGLE

10'x12' to 20'x40'

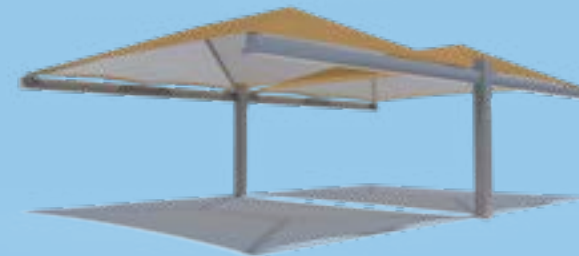

JOINED

Combine singles into a variety of lengths

DOUBLE-WIDE

Combine singles into a variety of lengths

FULL HIP CANTILEVER

These structures can be utilized for a variety of applications needing unobstructed space on one side such as seating areas, benches, and parking lots.

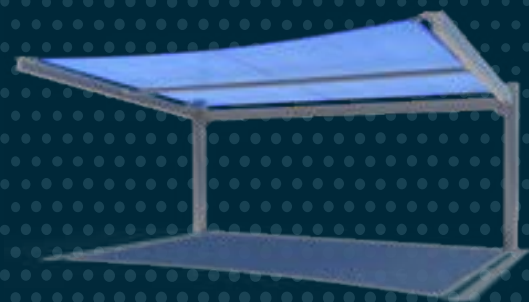

SLANTED CANTILEVER WING CABLED

Much like the Full Cantilever Hip design, the Slanted Cantilever Wing has two columns and a tilted top to increase shade coverage for spaces exposed to harsh sunlight at an angle.

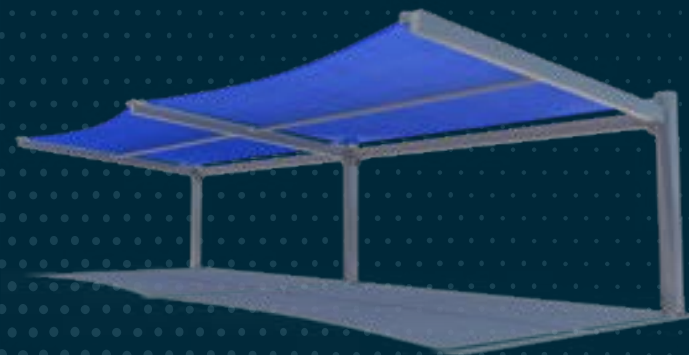

SINGLE

10'x24' to 20'x30'

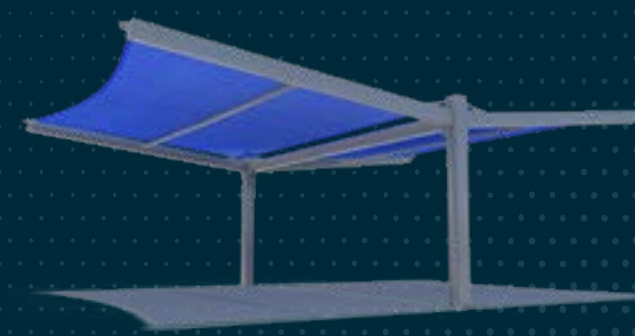

JOINED

Combine singles into a variety of lengths

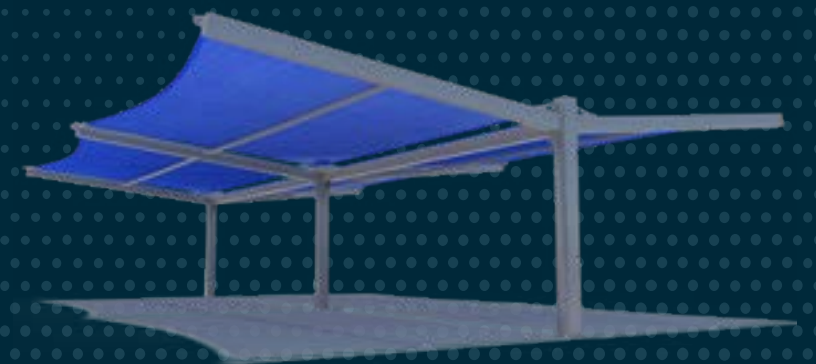

DOUBLE-WIDE

20'x24' to 40'x40'

DOUBLE-WIDE JOINED

Combine singles into a variety of lengths

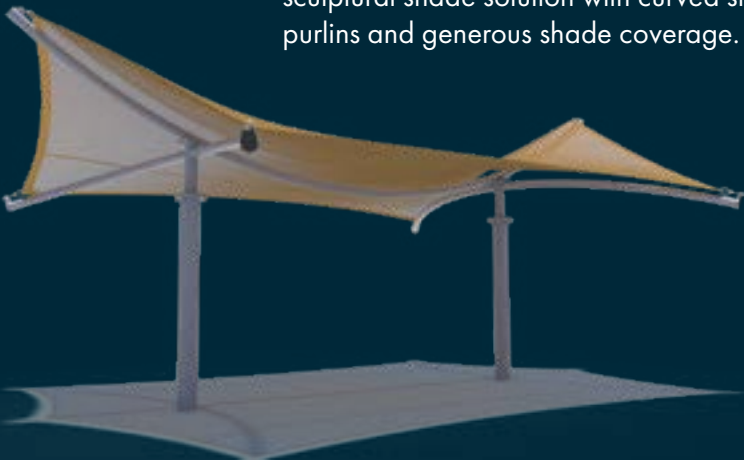

AQUARIUS

14'x22' or 18'x26'

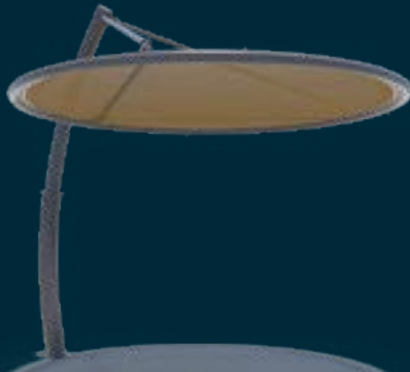

Our elegant Aquarius design is a sculptural shade solution with curved steel purlins and generous shade coverage.

CANTILEVER DISC

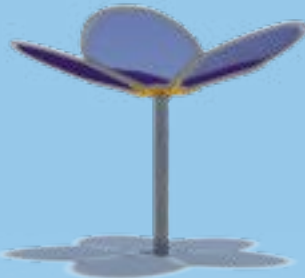

15'x20'

Our Cantilever Disc structure is a minimalistic design of a framed circular fabric shade suspended by a curved column.

PETALS-UP

22'x21'

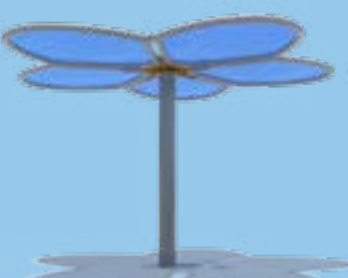

PETALS-DOWN

22'x21'

PETALS-FLAT

22'x21'

FLOWER

Our Flower structure is a whimsical design constructed with five fabric panels available in Petals-Up, Petals-Flat, or Petals-Down configurations.

LIFEGUARD

8'x9' to 10'x11'

Our Lifeguard structures provide heat and UV protection for those who need to stay cool and be ready to make a water rescue at a moment's notice.

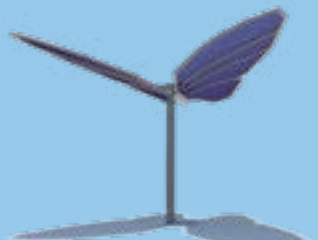

PEGASUS

12'x9', 16'x12' or 20'x16'

Pegasus is a distinctive and elegant fabric structure designed to make a strong architectural statement with shade.

WINGS-UP

22'x21'

WINGS-DOWN

22'x21'

WINGS-FLAT

22'x21'

BUTTERFLY

The Butterfly is a unique structure constructed with eight fabric panels that can be adapted for Wings-Up, Wings-Flat, or Wings-Down configurations.

CUSTOM

Our commitment to excellence extends beyond our standard offering. We specialize in crafting custom structures that set new benchmarks in shade solutions. Through collaboration with clients, design experts, and seasoned engineers, we transform imaginative project ideas into remarkable shade solutions.

(14' L x 14' W through 25' L x 25' W)

TWO POST HIP

Entry Height at 8, 10, and 12 feet
(16' L x 10' W, 20' L x 12' W, 22' L x 14' W)

PYRAMID

Entry Height at 8, 10, and 12 feet
(10' L x 10' W through 20' L x 20' W)

FABRICS

USA SHADE uses the best materials available including HDPE, a high-density polyethylene mesh, which can block out up to 98% of the sun’s harmful UV-A and UV-B rays. We offer a variety of materials with varying degrees of UV and weather protection, fire retardance, and non-combustibility. All of our fabrics are easy to maintain, providing protective shade and vibrant color over a long period of time.

SHADESURE™
FABRIC

Our high-density polyethylene (HPDE) mesh fabric blocks up to 97% of the sun’s harmful UV-A & U-VB rays, is flame retardant and fade-resistant.
